Stepping Stones . . .

Everyone takes many steps during their lifetime. Each step taken is an experience from which we can grow.

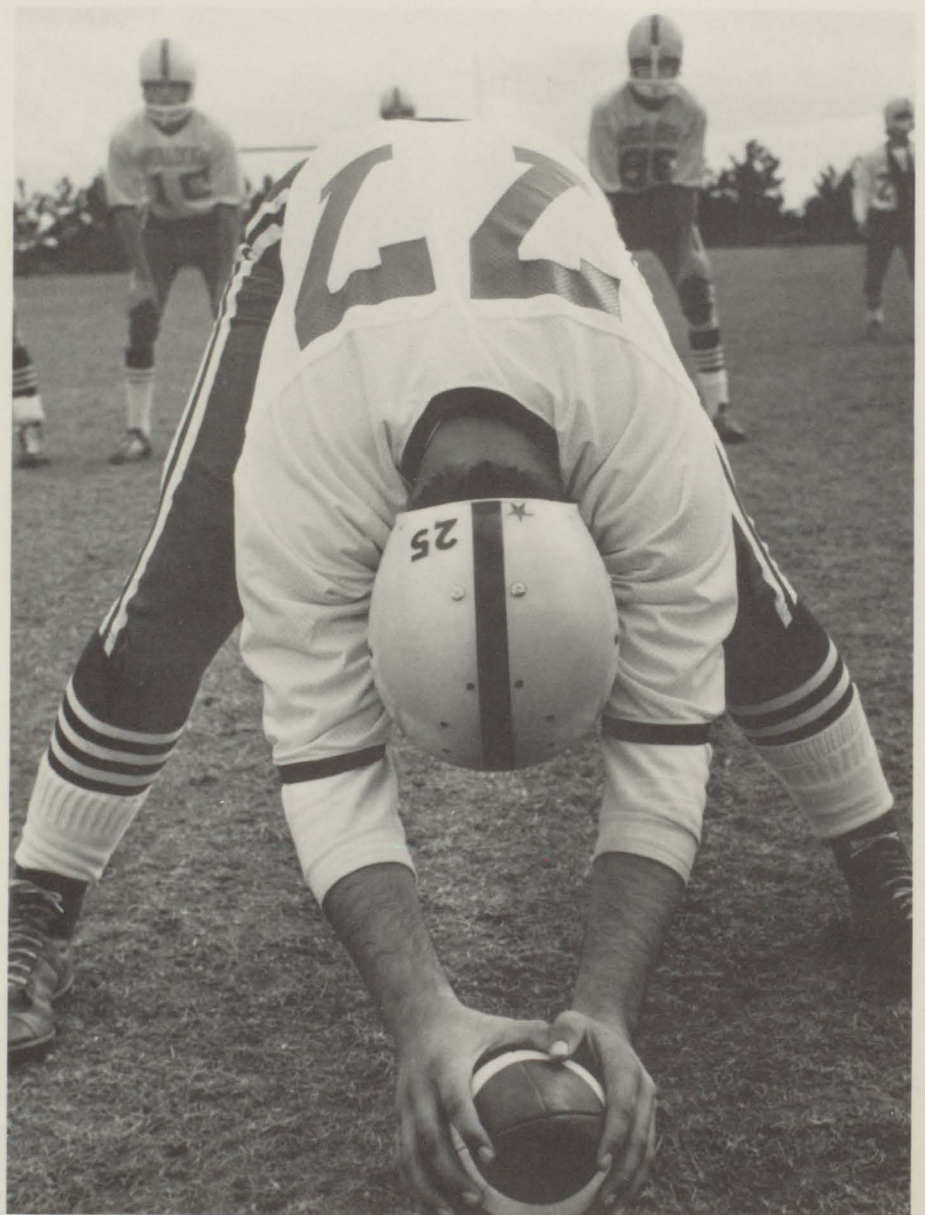

Steps of...learning...close relationships...new responsibility...making decisions...becoming part of life...steps of growing. Big or small, each step is important because they become the memories on which we build our dreams.

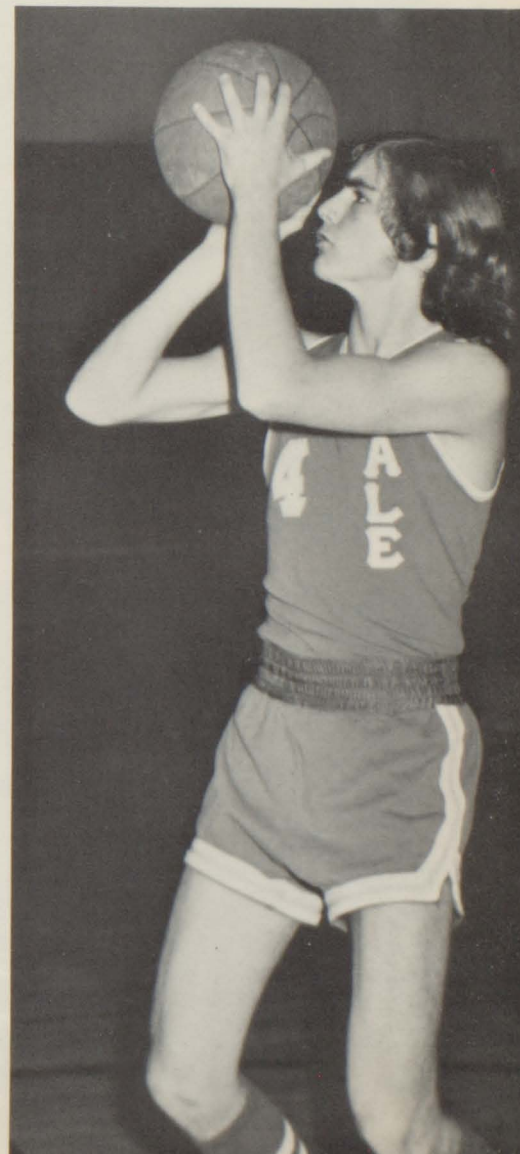

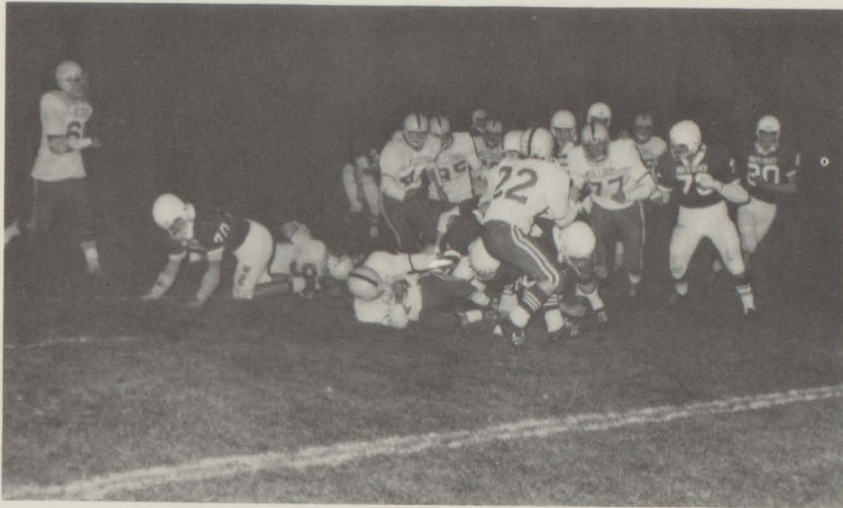

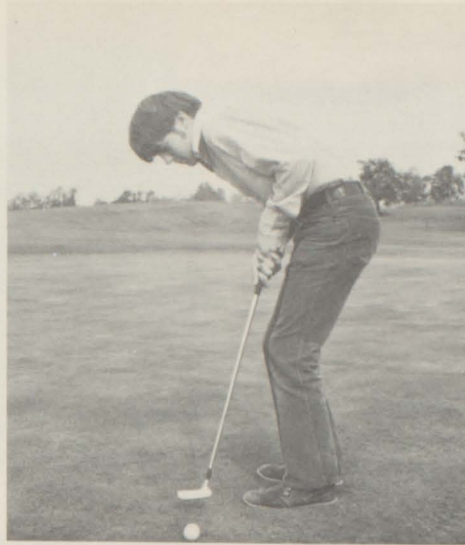

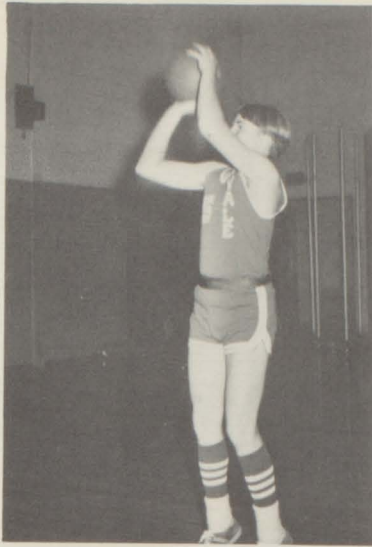

Our school years
are a stepping
stone toward
our goals. The
road we travel
is ever-changing.
Join with us
through this
book -exper-
ience with us

The Sophmores have worked hard this year to contribute to the welfare of all the students of Yale. And in doing so have taken a big step toward progress.

Jiving with the Juniors !

Juniors are really with it! They have a lot of spirit and enthusiasm. Rod LaMay is President, Dan Harter is Vice-President, Alicia Kovatch is Secretary and Kathy Stine is Treasurer. Mr. Little is the Junior Class advisor. They took second place in Homecoming float competition. They will do well in finishing out this year as spirited as in the beginning.

WE CLIMBED THE STAIRS

The Senior class of 1973 looks back upon the four years spent in high school.... We all can remember both good and not-so-good times; but, most of all, we think of the friendships, and laughter, and the learning that is Yale High School.

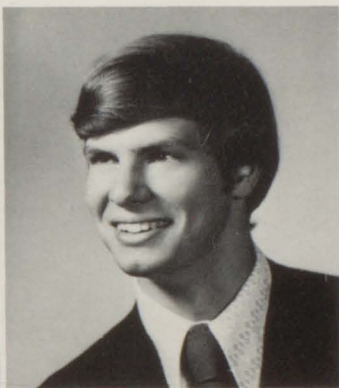

It is with a little misgiving that we now look ahead to the time when we will be leaving high school, and all these things that are familiar to us. We are about to take the big step.

...For some, the step will be easy. For others, it will be hard. But, regardless of which way our path runs, we know that it is up to us to be what we are going to be.

Each step in life for us will be easier because of the knowledge and will to achieve that we have aquired here at Yale High School.

STEPS to the PAST, PRESENT & FUTURE

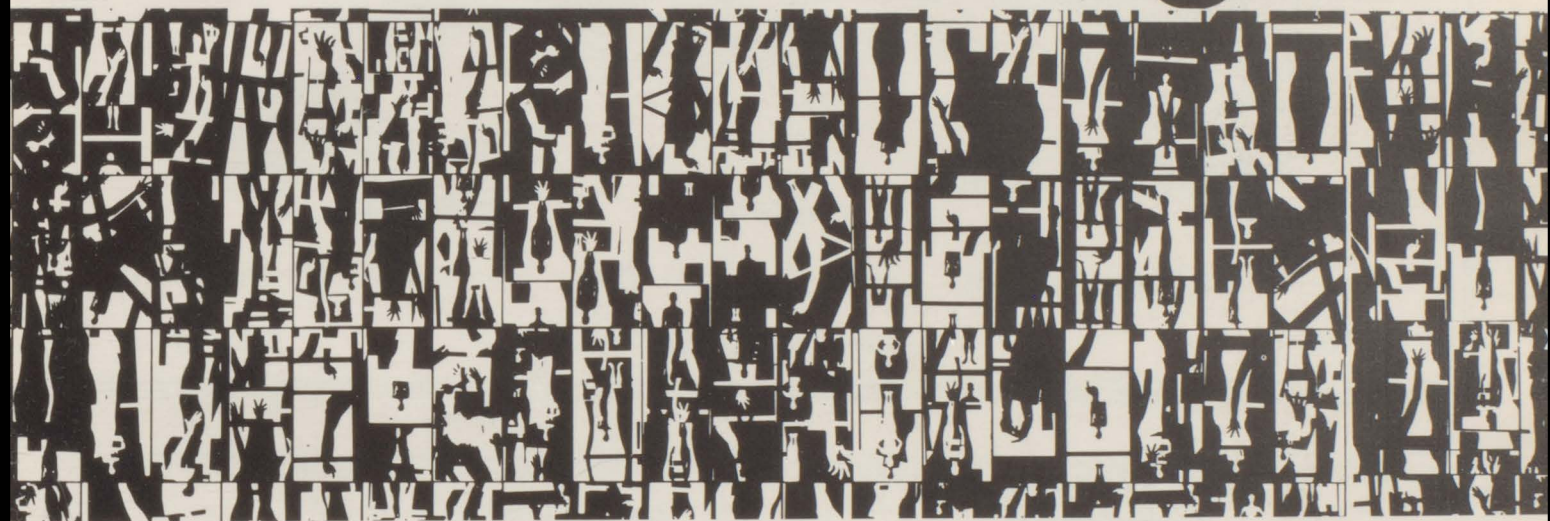

As this book draws to a close, this school year of 72 - 73 also ends. With it, memories of this past year, good or bad, will become imprinted into our minds. For some, this year will be the last step up the ladder of school education, but not the last step on the long road of life.
